SOFTWARE AS A SERVICE AGREEMENT (V.011217)
SERVICE LEVEL AGREEMENT

The SaaS Services will achieve System Availability (as defined below) of at least 99.9% during each calendar month of the Subscription Term. “**System Availability**” means the number of minutes in a month that the key components of the SaaS Services in a Ordering Activity production environment are operational as a percentage of the total number of minutes in such month, excluding downtime resulting from (a) scheduled maintenance, (b) events of Force Majeure, (c) malicious attacks on the system, (d) issues associated with the Ordering Activity’s computing devices, local area networks or internet service provider connections, or (e) inability to deliver services because of acts or omissions of Ordering Activity or any Identity Cube user. SailPoint reserves the right to take the SaaS Services offline for scheduled maintenance for which Ordering Activity has been provided reasonable notice and SailPoint reserves the right to change its maintenance window upon prior notice to Ordering Activity.

If SailPoint fails to meet System Availability in an individual month, upon written request by Ordering Activity within 30 days after the end of the month, SailPoint will issue a credit in Ordering Activity’s next invoice in an amount equal to ten percent (10%) of the monthly fee for the affected SaaS Services for each 1% loss of System Availability below stated SLA per SaaS Service, up to a maximum of fifty percent (50%) of the Ordering Activity’s monthly fee for the affected SaaS Services. At Ordering Activity’s election SailPoint shall provide a credit to Ordering Activity to be used for additional Identity Cubes or term extension or future SaaS Services renewals. In the event SailPoint fails to meet its obligations under the terms of this Service Level Agreement for three (3) consecutive months during any twelve (12) month period or five (5) months during a calendar year period, Ordering Activity shall have the option, in its sole discretion, to terminate this SaaS Agreement without penalty or further cost and SailPoint shall immediately repay to Ordering Activity all pre-paid amounts for any SaaS Services scheduled to be delivered after SailPoint’s receipt of Ordering Activity’s termination notice. The remedy stated in this paragraph is Ordering Activity’s sole and exclusive remedy for interruption of SaaS Services and SailPoint’s failure to meet System Availability.
